ABOUT US

We GOLDEN MOUNTAIN TECHNOLOGY SARL are dealers in gold mining diamond mining, cobalt, coltan and copper cathode mining company in the Democratic Republic of Congo with many mines and operations.

We export gold, diamond, copper cathodes, coltan, cobalt and iron ore. We mainly produce Gold and Copper cathode, we have had investments from Microsoft company to our gold industry.

But copper cathode production line still looking for a partner ship to extend our production capacity, we have ability to produce 12,000MT per month of Copper cathode recently. But we will try to extend our production ability when we have enough funds on materials.
